## PROXY STATEMENT

### GENERAL INFORMATION

We are providing this proxy statement in connection with the solicitation of proxies by and on behalf of our board of directors for use at our 2012 annual meeting of stockholders to be held on Thursday, May 10, 2012, and at any adjournment or postponement of the meeting. We are furnishing our proxy materials to holders of our common stock as of the close of business on March 19, 2012. We began distributing a notice of internet availability of our proxy materials on or about March 30, 2012 to the "street name" holders of our common stock (*i.e.* shares held in the name of a brokerage firm or other nominee such as a banking institution, custodian, trustee or fiduciary). We will begin mailing our proxy materials to the record holders of our common stock (*i.e.* shares held directly and not through a broker or other nominee) on or about April 5, 2012. The proxy materials include:

- the accompanying notice of the 2012 annual meeting of stockholders;
- this proxy statement;
- our 2011 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2011; and
- the proxy card (or voting instruction form if you are a street name holder).

We are furnishing our 2011 annual report to all of our stockholders entitled to vote at the 2012 annual meeting. We are not incorporating the 2011 annual report into this proxy statement and you should not consider the annual report as proxy solicitation material. The accompanying notice of annual meeting of stockholders sets forth the time, place and purposes of the meeting. Our principal executive offices are located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

*Please refer to the Glossary of Terms on page ii for the definitions of certain terms used in this proxy statement.*

### QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

**Q: What is the purpose of the annual meeting?**

A: At the annual meeting, stockholders will vote on the following, as described in this proxy statement:

- Proposal 1 – the election of the seven director nominees named in this proxy statement;
- Proposal 2 – the approval of the 2012 Director Stock Plan; and
- Proposal 3 – the adoption of a nonbinding advisory resolution that approves the named executive officer compensation described in this proxy statement (Say-on-Pay).

In addition, stockholders will vote on any other matter that may properly come before the meeting.

**Q: How does the board recommend that I vote?**

A: The board of directors recommends that you vote FOR:

- each of the nominees for director named in this proxy statement;
  - the approval of proposal 2 (the 2012 Director Stock Plan); and
  - the approval and adoption of proposal 3 (Say-on-Pay).
-

**Q: Who is allowed to vote at the annual meeting?**

A: The board of directors has set the close of business on March 19, 2012 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting. Only holders of our common stock as of the close of business on the record date are entitled to vote at the meeting. On the record date, 115,902,098 shares of our common stock were issued and outstanding. Each share of our common stock entitles its holder to one vote.

**Q: If I hold my shares through a brokerage firm or other nominee, why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?**

A: We are using the SEC notice and access rules to furnish proxy materials over the internet to our stockholders who hold our common stock through a brokerage firm or other nominee. If you hold your shares through a brokerage firm or other nominee, you can find instructions on how to access and review the proxy materials, and how to vote over the internet, on the notice of internet availability of proxy materials that you received. The notice also contains instructions on how you can receive a paper copy of this proxy statement, our 2011 annual report to stockholders and a voting instruction form.

**Q: If I hold my shares through a brokerage firm or other nominee, how may I vote in person at the annual meeting?**

A: If you wish to vote in person at the annual meeting, you will need to follow the instructions on your notice of internet availability of proxy materials on how to obtain the appropriate documents to vote in person at the meeting.

**Q: How do I vote if I am a stockholder of record?**

A: If you hold shares of our common stock directly (either in certificate or electronic form) with our transfer agent, Computershare, rather than through a brokerage firm or other nominee, you are a stockholder of record. As a stockholder of record, you may:

- vote over the internet at [www.investorvote.com/KRO](http://www.investorvote.com/KRO);
- vote by telephone using the voting procedures set forth on your proxy card;
- instruct the agents named on your proxy card how to vote your shares by completing, signing and mailing the enclosed proxy card in the envelope provided; or
- vote in person at the annual meeting.

**Q: What are the consequences if I am a stockholder of record and I execute my proxy card but do not indicate how I would like my shares voted for one or more of the director nominees named in this proxy statement or the other proposals described in this proxy statement?**

A: If you are a stockholder of record (and not a brokerage firm or other nominee), the agents named on your proxy card will vote your shares on such uninstructed nominee or proposal as recommended by the board of directors in this proxy statement.

**Q: If I do not want to vote my shares in person at the annual meeting, how do I vote if my shares are held through a brokerage firm or other nominee?**

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to vote your shares. In order to ensure your brokerage firm or other nominee votes your shares in the manner you would like, you must provide voting instructions to your brokerage firm or other nominee by the deadline provided in the materials you receive from your brokerage firm or other nominee.

**Brokerage firms or other nominees may not vote your shares on the election of a director nominee or any of the other proposals in this proxy statement in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your brokerage firm or other nominee regarding the voting of your shares. If you do not instruct your brokerage firm or other nominee how to vote with respect to the election of a director nominee or on each of the other two proposals in this proxy statement, your brokerage firm or other nominee may not vote with respect to the election of such director nominee or on any uninstructed proposal and your vote will be counted as a "broker/nominee non-vote."** "Broker/nominee non-votes" are non-votes by a brokerage firm or other nominee for shares held in a client's account for which the brokerage firm or other nominee does not have discretionary authority to vote on a particular matter and has not received instructions from the client. How we treat broker/nominee non-votes is separately described in each of the answers below regarding what constitutes a quorum, the requisite votes necessary to elect a director nominee or approve the other two proposals in this proxy statement.

**Q: Who will count the votes?**

A: The board of directors has appointed Computershare, our transfer agent and registrar, to ascertain the number of shares represented, tabulate the vote and serve as inspector of election for the meeting.

**Q: Is my vote confidential?**

A: Yes. All proxy cards, ballots or voting instructions delivered to Computershare will be kept confidential in accordance with our bylaws.

**Q: How do I change or revoke my proxy instructions if I am a stockholder of record?**

A: If you are a stockholder of record, you may change or revoke your proxy instructions in any of the following ways:

- delivering to Computershare a written revocation;
- submitting another proxy card bearing a later date;
- changing your vote on [www.investorvote.com/KRO](http://www.investorvote.com/KRO);
- using the telephone voting procedures set forth on your proxy card; or
- voting in person at the annual meeting.

**Q: How do I change or revoke my voting instructions if my shares are held through a brokerage firm or other nominee?**

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to change or revoke your voting instructions or how to vote in person at the annual meeting.

**Q: What constitutes a quorum?**

A: A quorum is the presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the meeting.

Shares that are voted "abstain" or "withheld" are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

As already discussed in the previous answer regarding how to vote shares held through a brokerage firm or other nominee, there are no proposals for the 2012 annual meeting that would allow a brokerage firm or nominee to vote uninstructed shares. If a brokerage firm or other nominee receives no instruction for the election of any director nominee or any of the proposals, such uninstructed shares will be counted as not entitled to vote and are, therefore, not considered for purposes of determining whether a quorum is present at the annual meeting. If a brokerage firm or other nominee receives instructions on the election of any director nominee or any of the other two proposals, such instructed shares will be counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

Together, Valhi and NL held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting. If Valhi alone attends the meeting in person or by proxy, the meeting will have a quorum present.

**Q: Assuming a quorum is present, what vote is required to elect a director nominee?**

A: A plurality of affirmative votes of the holders of our outstanding shares of common stock represented and entitled to vote at the meeting is necessary to elect each director nominee. You may indicate on your proxy card or in your voting instructions that you desire to withhold authority to vote for any of the director nominees. Since director nominees need only receive a plurality of affirmative votes from the holders represented and entitled to vote at the meeting to be elected, a vote withheld or a broker/nominee non-vote regarding a particular nominee will not affect the election of such director nominee.

Together, Valhi and NL held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will elect all of the nominees named in this proxy statement to the board of directors.

**Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 2 (2012 Director Stock Plan)?**

A: The affirmative votes of the majority of the shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote will be the requisite vote to approve the 2012 Director Stock Plan. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

As already mentioned, Valhi and NL together held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the approval of the 2012 Director Stock Plan. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will approve this proposal.

**Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 3 (Say-on-Pay)?**

A: The proposed stockholder resolution contained in this proposal provides that the affirmative nonbinding advisory votes of the majority of the shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

As already mentioned, Valhi and NL together held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR this nonbinding advisory proposal. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will, by a nonbinding advisory vote, approve this proposal.

**Q: Assuming a quorum is present, what vote is required to approve any other matter to come before the meeting?**

A: Except as applicable laws may otherwise provide, the approval of any other matter that may properly come before the meeting will require the affirmative votes of the holders of the majority of the outstanding shares represented and entitled to vote at the meeting. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote.

**Q: If I am a stockholder of record, how will the agents named on my proxy card vote on any other matter to come before the meeting?**

A: If you are a stockholder of record and to the extent allowed by applicable law, the agents named on your proxy card will vote in their discretion on any other matter that may properly come before the meeting.

**Q: Who will pay for the cost of soliciting the proxies?**

A: We will pay all expenses related to the solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to the solicitation by mail, our directors, officers and regular employees may solicit proxies by telephone or in person for which such persons will receive no additional compensation. Upon request, we will reimburse brokerage firms or other nominees for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of our common stock that hold such stock in accounts with such entities.

## CONTROLLING STOCKHOLDERS

Valhi and NL are the direct holders of 50.0% and 30.4%, respectively, of the outstanding shares of our common stock as of the record date. Together, Valhi and NL own approximately 80.4% of the outstanding shares of our common stock. Valhi is the direct holder of approximately 83.0% of the outstanding shares of NL common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement and FOR proposals 2 (2012 Director Stock Plan) and 3 (Say-on-Pay). If Valhi alone attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will elect all of the nominees named in this proxy statement to the board of directors and approve each of proposals 2 and 3.

## CORPORATE GOVERNANCE

**Controlled Company Status, Director Independence and Committees.** Because of Valhi's direct and indirect ownership of approximately 80.4% of the outstanding shares of our common stock, we are considered a controlled company under the listing standards of the NYSE. Pursuant to the listing standards, a controlled company may choose not to have a majority of independent directors, independent compensation, nominations or corporate governance committees or charters for these committees. We have chosen not to have an independent nominations or corporate governance committee or charters for these committees. Our board of directors believes that the full board of directors best represents the interests of all of our stockholders and that it is appropriate for all matters that would otherwise be considered by a nominations, corporate governance or risk oversight committee to be considered and acted upon by the full board of directors. Applying the NYSE director independence standards without any additional categorical standards, our board of directors has determined that Keith R. Coogan, Cecil H. Moore, Jr., George E. Poston and R. Gerald Turner are independent and have no material relationship with us other than serving as our directors. While the members of our management development and compensation committee currently satisfy the independence requirements of the NYSE, we have chosen not to satisfy all of the NYSE listing standards for a compensation committee.

In determining that Dr. Turner has no material relationship with us other than serving as our director, the board of directors considered the following relationship:

- in 2007, Harold C. and Annette C. Simmons made a commitment to donate \$20 million to Southern Methodist University, of which Dr. Turner is the president;
- pursuant to the commitment they contributed, or caused to be contributed, approximately \$7.7 million in each of 2008 and 2009 and \$5.0 million in 2010; and

- \$7.7 million is less than 2.0% of SMU's consolidated gross revenues and SMU's consolidated gross revenues net of scholarship allowances for each fiscal year in which they made a contribution to SMU.

**2011 Meetings and Standing Committees of the Board of Directors.** The board of directors held four meetings and took action by written consent on three occasions in 2011. Each director participated in at least 75% of such meetings and of the 2011 meetings of the committees on which he served at the time. It is expected that each director will attend our annual meeting of stockholders, which is held immediately before the annual meeting of the board of directors. All of our directors attended our 2011 annual stockholder meeting.

The board of directors has established and delegated authority to two standing committees, which are described below. The board of directors is expected to elect the members of the standing committees at the board of directors annual meeting immediately following the annual stockholder meeting. The board of directors from time to time may establish other committees to assist it in the discharge of its responsibilities.

**Audit Committee.** Our audit committee assists with the board of directors' oversight responsibilities relating to our financial accounting and reporting processes and auditing processes. The purpose, authority, resources and responsibilities of our audit committee are more specifically set forth in its charter. Applying the requirements of the NYSE listing standards (without additional categorical standards) and SEC regulations, as applicable, the board of directors has determined that:

- each member of our audit committee is independent, financially literate and has no material relationship with us other than serving as our director; and
- Mr. Cecil H. Moore, Jr. is an "audit committee financial expert."

No member of our audit committee serves on more than three public company audit committees. For further information on the role of our audit committee, see the Audit Committee Report in this proxy statement. The current members of our audit committee are Cecil H. Moore, Jr. (chairman), Keith R. Coogan, George E. Poston and R. Gerald Turner. Our audit committee held seven meetings in 2011.

**Management Development and Compensation Committee.** The principal responsibilities of our management development and compensation committee are:

- to recommend to the board of directors whether or not to approve any proposed charge to us or any of our privately held subsidiaries pursuant to our ISA with Contran;
- to review certain matters regarding our employee benefit plans or programs, including discretionary incentive bonuses and salaries we pay;
- to review, approve, administer and grant awards under our equity compensation plan; and
- to review and administer such other compensation matters as the board of directors may direct from time to time.

As discussed above, the board of directors has determined that each member of our management development and compensation committee is independent by applying the NYSE director independence standards (without additional categorical standards). In certain instances under our 2003 Long-Term Incentive Plan, a plan allowing for grants of cash or equity performance awards, the management development and compensation committee may delegate its authority to administer this plan to certain individuals, which delegation authority the committee has not utilized. With respect to the role of our executive officers in determining or recommending the amount or form of executive compensation, see the Compensation Discussion and Analysis section of this proxy statement. With respect to director compensation, our executive officers make recommendations on such compensation directly to our board of directors for its consideration without involving the management development and compensation committee. The current members of our management development and compensation committee are R. Gerald Turner (chairman), Keith R. Coogan and George E. Poston. Our management development and compensation committee held one meeting in 2011.

**Risk Oversight.** Our board of directors oversees the actions we take in managing our material risks. Our management is responsible for our day-to-day management of risk. The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to the board and the related board discussions. The board has delegated some of its primary risk oversight to our audit committee and management development and compensation committee. Our audit committee annually receives management's reports and assessments on, among other things, the risk of fraud, certain material business risks and a ranking of such material business risks and on our insurance program. The audit committee also receives reports from our independent registered public accounting firm regarding, among other things, financial risks and the risk of fraud. Our management development and compensation committee receives management's assessments on the likelihood that our compensation policies and practices could have a material adverse effect on us, as more fully described in the Compensation Policies and Practices as They Relate to Risk Management section of this proxy statement. The audit committee and management development and compensation committee report to the board of directors about their meetings. We believe the leadership structure of the board of directors is appropriate for our risk oversight.

**Identifying and Evaluating Director Nominees.** Historically, our management has recommended director nominees to the board of directors. As stated in our corporate governance guidelines:

- our board of directors has no specific minimum qualifications for director nominees;
- each nominee should possess the necessary business background, skills and expertise at the policy-making level and a willingness to devote the required time to the duties and responsibilities of membership on the board of directors; and
- the board of directors believes that experience as our director is a valuable asset and that directors who have served on the board for an extended period of time are able to provide important insight into our operations and future.

In identifying, evaluating and determining our director nominees, the board of directors follows such corporate governance guidelines. The board also considers the nominee's ability to satisfy the need, if any, for required expertise on the board of directors or one of its committees. While we do not have any policy regarding the diversity of our nominees, the board does consider the diversity in the background, skills and expertise at the policy making level of our director nominees, and as a result our board believes our director nominees do possess a diverse range of senior management experience that aids the board in fulfilling its responsibilities. The board of directors believes its procedures for identifying and evaluating director nominees are appropriate for a controlled company under the NYSE listing standards.

**Leadership Structure of the Board of Directors and Independent Director Meetings.** As discussed before, Harold C. Simmons serves as our chairman of the board and Steven L. Watson serves as our chief executive officer. Pursuant to our amended and restated corporate governance guidelines, our independent directors are entitled to meet on a regular basis throughout the year, and will meet at least once annually, without the participation of our other directors who are not independent. While we do not have a lead independent director, the chairman of our audit committee presides at all of the meetings of our independent directors. The board of directors believes our leadership structure is appropriate for a controlled company under the NYSE listing standards. The board of directors believes our leadership structure is appropriate because the board recognizes that while there is no single organizational structure that is ideal in all circumstances, the board believes that having different individuals serve as our chairman of the board and as our chief executive officer provides an appropriate breadth of experience and perspective that effectively facilitates the formulation of our long-term strategic direction and business plans. In addition, the board of directors believes that since Harold C. Simmons and persons and entities related to him own, in the aggregate, a majority of our outstanding stock, his service as our chairman of the board is beneficial in providing strategic leadership for us since there is a commonality of interest that is closely aligned in building long-term stockholder value for all of our stockholders. In 2011, we complied with the NYSE requirements for meetings of our independent directors.

**Stockholder Proposals and Director Nominations for the 2013 Annual Meeting of Stockholders.** Stockholders may submit proposals on matters appropriate for stockholder action at our annual stockholder meetings, consistent with rules adopted by the SEC. We must receive such proposals not later than November 30, 2012 to be considered for inclusion in the proxy statement and form of proxy card relating to our annual meeting of stockholders in 2013. Our bylaws require that the proposal must set forth a brief description of the proposal, the name and address of the proposing stockholder as they appear in our records, the number of shares of our common stock the stockholder holds and any material interest the stockholder has in the proposal.

The board of directors will consider the director nominee recommendations of our stockholders in accordance with the process discussed above. Our bylaws require that a nomination set forth the name and address of the nominating stockholder, a representation that the stockholder will be a stockholder of record entitled to vote at the annual stockholder meeting and intends to appear in person or by proxy at the meeting to nominate the nominee, a description of all arrangements or understandings between the stockholder and the nominee (or other persons pursuant to which the nomination is to be made), such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC and the consent of the nominee to serve as a director if elected.

For proposals or director nominations to be brought at the 2013 annual meeting of stockholders but not included in the proxy statement for such meeting, our bylaws require that the proposal or nomination must be delivered or mailed to our principal executive offices in most cases no later than February 13, 2013. Proposals and nominations should be addressed to our corporate secretary at Kronos Worldwide, Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

**Communications with Directors.** Stockholders and other interested parties who wish to communicate with the board of directors or its independent directors may do so through the following procedures. Such communications not involving complaints or concerns regarding accounting, internal accounting controls and auditing matters related to us may be sent to the attention of our corporate secretary at Kronos Worldwide Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697. Provided that any such communication relates to our business or affairs and is within the function of our board of directors or its committees, and does not relate to insignificant or inappropriate matters, such communication, or a summary of such communication, will be forwarded to the chairman of our audit committee, who also serves as the presiding director of our independent director meetings.

Complaints or concerns regarding accounting, internal accounting controls and auditing matters, which may be made anonymously, should be sent to the attention of our general counsel with a copy to our chief financial officer at the same address as our corporate secretary. These complaints or concerns will be forwarded to the chairman of our audit committee. We will investigate and keep these complaints or concerns confidential and anonymous, to the extent feasible, subject to applicable law. Information contained in such a complaint or concern may be summarized, abstracted and aggregated for purposes of analysis and investigation.

**Compensation Committee Interlocks and Insider Participation.** As discussed above, for 2011 the management development and compensation committee was composed of R. Gerald Turner, Keith R. Coogan and George E. Poston. No member of the committee:

- was an officer or employee of ours during 2011 or any prior year;
- had any related party relationships with us that requires disclosure under applicable SEC rules; or
- had any interlock relationships under applicable SEC rules.

For 2011, no executive officer of ours had any interlock relationships within the scope of the intent of applicable SEC rules. However, our chairman of the board and vice chairman of the board are on the board of directors of Contran and Contran employs each of them and Glenn R. Simmons, who each serve as one of our directors.

**Code of Business Conduct and Ethics.** We have adopted a code of business conduct and ethics. The code applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. Only the board of directors may amend the code. Only our audit committee or other committee of the board of directors with specifically delegated authority may grant a waiver of this code. We will disclose amendments to or waivers of the code as required by law and the applicable rules of the NYSE. In February 2012, our board of directors made non-substantive amendments to the code.

**Corporate Governance Guidelines.** We have adopted corporate governance guidelines to assist the board of directors in exercising its responsibilities. Among other things, the corporate governance guidelines provide for director qualifications, for independence standards and responsibilities, for approval procedures for ISAs and that our audit committee chairman preside at all meetings of the independent directors.

**Availability of Corporate Governance Documents.** A copy of each of our audit committee charter, code of business conduct and ethics and corporate governance guidelines is available on our website at [www.kronosww.com](http://www.kronosww.com) under the corporate governance section.

## COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

### AND OTHER INFORMATION

**Compensation Discussion and Analysis.** This compensation discussion and analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers. We employed two of our named executive officers in each of the last three years. The rest of our named executive officers who provided their services to us in the last three years under our ISA with Contran were employed and compensated directly by Contran. As defined in the Glossary of Terms at the beginning of this proxy statement, the phrase “named executive officers” refers to the five persons whose compensation is summarized in the 2011 Summary Compensation Table in this proxy statement. Such phrase is not intended, and does not, refer to all of our executive officers.

**Nonbinding Advisory Stockholder Vote on Executive Officer Compensation.** For the 2011 annual meeting of stockholders, we submitted a nonbinding advisory proposal recommending the stockholders adopt a resolution approving the compensation of our named executive officers as disclosed in the 2011 proxy statement. At the annual meeting, the resolution received the affirmative vote of 94.5% of the eligible votes. We considered the favorable result and determined not to make any material changes to our compensation practices.

**Compensation of our Named Executive Officers Employed by Us.** In each of the last three years, we employed the following named executive officers:

| Name              | Position(s)  |
|-------------------|--|
| Douglas C. Weaver | Chairman of the Executive Management Committee                                   |
| Ulfert Fiant      | Vice Chairman of the Executive Management Committee and Chief Technology Officer |

**Overview.** Prior to 2009, we decided to forego long-term compensation (other than defined benefit and contribution retirement plans), and implemented a compensation program that is primarily cash-based, with minimal perquisites. Our objectives for the primarily cash-based compensation program as it relates to our named executive officers employed by us are to:

- have a total individual compensation package that is easy to understand; and
- achieve a balanced compensation package that would attract and retain highly qualified executive officers and appropriately reflect each such officer’s individual performance, contributions and general market value.

As a result, annual compensation for our named executive officers employed by us primarily consists of base salaries and discretionary bonuses.

For each of the last three years, we considered our financial performance as one factor, without any specific weighting of this factor, in determining the compensation to be paid to our named executive officers employed by us. We determined the amount of each component of such compensation solely in our collective business judgment and experience, without performing any independent market research. We have not entered into any written employment agreements with our employed named executive officers other than for Dr. Fiant. Pursuant to European law, we provide all our employees in Europe, including Dr. Fiant, with written documentation of the essential aspects of their employment relationship with us including their base compensation, notice periods and pension program.

**Base Salaries.** We have established the annual base salaries for our employed named executive officers on a position-by-position basis based on responsibility and experience. We pay this portion of each of our employed named executive officer’s compensation to provide him with a reliable amount of compensation for the year, subject to his continued at-will employment and satisfactory performance for his services at the level of his responsibilities. Based on the recommendation of our chief financial officer, our chief executive officer approved any annual adjustments to the salaries of our employed named executive officers. These salary adjustments were subsequently reported to our management development and compensation committee. All of these recommendations and the determinations are based on:

- our evaluations of the past year annual base-salary amounts with adjustments made as a result of our past and expected future financial performance, inflation, past and potential future individual performance and contributions or alternative career opportunities that might be available to our named executive officers employed by us, although we do not have any specific formula for applying these factors; and
- our collective business judgment and experience, without performing any independent market research.

In the fourth quarter of 2009, our chief executive officer approved an increase in Mr. Weaver's salary due to a significant increase in his responsibilities. Salary increases implemented in 2010 and 2011, including those for our employed named executive officers, reflected the factors indicated above as well as the 2010 increase in Mr. Weaver's responsibilities.

We did not utilize any specific measure of, or formula based upon, our financial performance in determining the amount of these increases. We do consider our financial performance as one factor, without any specific weighting of this factor, in determining these increases. These salaries for our named executive officers employed by us are disclosed in their salary column in the 2011 Summary Compensation Table in this proxy statement.

**Discretionary Incentive Bonuses.** For each of the last three years, after considering all relevant factors, and based on the recommendation of our chief financial officer, our chief executive officer approved the payment of discretionary incentive bonuses in cash to our key employees, including each of our employed named executive officers. We paid these bonuses in order to, among other things, reward each key employee for his performance for the applicable year and motivate him to achieve higher levels of performance in attaining our corporate goals. In considering whether it would be appropriate to pay discretionary incentive bonuses for the applicable year, and in what amounts, our chief executive officer performed a discretionary evaluation of all relevant factors, such as our actual results achieved in that year, our financial condition and liquidity and the responsibility, performance, attitude and potential of each of our key employees, including our employed named executive officers.

Prior to the payment of any discretionary bonuses to our key employees, including our employed named executive officers, our management development and compensation committee receives a report from management regarding its plans for such bonus payments.

In determining the amount of the discretionary incentive bonuses for each of the last three years paid to our employed named executive officers, we did not utilize any specific overall performance measures or any specific measure of, or formula based upon, our financial results. As already discussed, however, we did consider our overall financial performance as one factor in determining to pay such bonuses. Additionally, we used no specific weighting of factors in the determination of the applicable year's discretionary incentive bonuses paid to our key employees, including our named executive officers employed by us. These discretionary incentive bonuses for the last three years for our named executive officers employed by us are disclosed in their bonus column in the 2011 Summary Compensation Table in this proxy statement.

**Defined Benefit Plans.** Historically, we offered pension plan benefits to our employees, including our employed named executive officers. However, to reduce our pension liabilities and promote retirement savings through defined contribution plans or as similar a plan as foreign jurisdictions may allow:

- in 1996, we suspended all future accruals under our domestic pension plan and closed the plan to new participants; and
- we closed participation in the Bayer Pensionskasse defined benefit pension plan to employees hired by our German operations on or after January 1, 2005.

Mr. Weaver participates in the domestic pension plan. Dr. Fiand participates in the Bayer Pensionskasse and is the only employed named executive officer who participates in a pension plan that continues to accrue benefits on behalf of its participants. The increase or decrease for financial statement reporting purposes in the actuarial present value of accumulated pension benefits under these plans for Dr. Fiand and for Mr. Weaver for each of the last three years is disclosed in their change in pension value and nonqualified deferred compensation earnings column in the 2011 Summary Compensation Table for the applicable year.

Historically, we offered non-qualified, unfunded, defined benefit supplemental retirement plans to our executive officers to compensate them for certain income restrictions that affected their participation level under our pension plans. Prior to 2009, we terminated these supplemental retirement plans for our domestic employees. Currently, Dr. Fiand is the only named executive officer that continues to accrue benefits under such a supplemental plan. Dr. Fiand's supplement defined benefit compensation is provided by the Supplemental Pension Promise and the Individual Pension Promise provided by our German operations. The increase or decrease for financial statement reporting purposes in the actuarial present value of Dr. Fiand's accumulated benefit under these supplemental plans for each of the last three years is disclosed in his change in pension value and nonqualified deferred compensation earnings column (or related footnote) in the 2011 Summary Compensation Table for the applicable year.

See the Pension Benefits section in this proxy statement for descriptions of each of these plans and additional information regarding Dr. Fiand's and Mr. Weaver's benefits under them.

**Defined Contribution Plans.** To promote retirement savings for our employees, we pay annual contributions to our domestic employees, including one of our employed named executive officers, under our savings plan, which is a 401(k) defined contribution plan. Through 2010, our annual contributions to this plan consisted of three components: discretionary matching contributions, retirement contributions and transition contributions. We added the retirement and transition contribution features to the plan in 1996 when we terminated future accruals for our domestic employees under our defined benefit pension plan, as discussed above. Beginning in 2011, we eliminated the retirement contributions to our savings plan, and our annual contributions to the plan now only consist of discretionary matching contributions and transition contributions. Mr. Weaver is our only employed named executive officer who receives contributions to our savings plan.

For 2009, 2010 and 2011, and based upon the recommendation of our chief financial officer, our chief executive officer approved the payment of a discretionary matching contribution to each participant's account under our savings plan at 25%, 50% and 100%, respectively, of the participant's contributions for the plan year up to 8% of the participant's annual eligible compensation as defined in the plan. We considered our financial performance and the desire to motivate the participants to save for their retirement as two factors, without any specific weighting of any factors, in making this discretionary determination. In each of the last three years, our management development and compensation committee received a general report from management on the discretionary matching contribution for the prior year we paid under our savings plan. If we pay any discretionary matching contributions to the participants in our savings plan for 2012, the matching contributions will be determined on a similar discretionary basis as the last three years.

For each of three years, we also made transition contributions to our savings plan. The transition contributions are paid only with respect to current plan participants who were actively employed by us on April 1, 1996. The amount of such transition contributions are a function of each participant's compensation, age and years of service on April 1, 1996, and therefore each participant who receives the annual transition contributions has a different formula for determining the contribution. The formula for Mr. Weaver is 4.0% of his annual eligible compensation as defined in the plan. For 2009 and 2010, we also made retirement contributions to our savings plan. The amount of such retirement contributions was equal to 4% of the participant's annual eligible compensation as defined in the plan. Beginning in 2011, we eliminated the retirement contributions to our savings plan.

Mr. Weaver received all of these contributions discussed above for 2009, 2010 and 2011 under the savings plan. All of these contributions are included in his all other compensation column in the 2011 Summary Compensation Table in this proxy statement.

**Equity-Based Compensation.** Prior to 2009, we decided to forego the grant of any equity compensation to our employees, although we continue to grant annual awards of stock to our directors as a portion of their annual retainers, including our chairman of the board and chief executive officer. We also do not have any security ownership requirements or guidelines for our management or directors. We do not currently anticipate any equity-based compensation will be granted in 2012, other than the annual grants of stock to our directors, including our chairman of the board and chief executive officer. See the Director Compensation and the 2011 Grant of Plan-Based Awards sections in this proxy statement for a discussion of these annual grants and the method by which the amount of such stock awards are determined. The dollar amount of stock awards appearing in the 2011 Summary Compensation Table represents the value recognized for financial statement reporting purposes of shares of our common stock we granted to Messrs. Harold Simmons and Watson in each of the last three years for their director services.

**Perquisites and Other Personal Benefits.** In each of the last three years, we paid certain perquisites or other personal benefits to our named executive officers employed by us. For each of the last three years, we paid annual automobile expenses for Dr. Fiand and life insurance for our domestic named executive officers employed by us. The cost of these perquisites and other personal benefits for each of our employed named executive officers is included in his all other compensation column of the 2011 Summary Compensation Table.

*Compensation of our Named Executive Officers Employed by Contran.* For each of the last three years, we paid Contran a fee for services provided pursuant to our ISA with Contran, which fee was approved by our independent directors after receiving the recommendation of our management development and compensation committee and the concurrence of our chief financial officer. Such services provided under this ISA included the services of our named executive officers employed by Contran, and as a result a portion of the aggregate ISA fee we pay to Contran is paid with respect to the services provided to us by such named executive officers. Our current executive officers who provide services to us pursuant to our ISA with Contran are as follows:

| Name                | Positions with Kronos Worldwide                        |
|---------------------|--|
| Harold C. Simmons   | Chairman of the Board                                  |
| Steven L. Watson    | Vice Chairman of the Board and Chief Executive Officer |
| Robert D. Graham    | Executive Vice President and General Counsel           |
| Gregory M. Swalwell | Executive Vice President and Chief Financial Officer   |
| Brian W. Christian  | Vice President, Strategic Business Development         |
| Tim C. Hafer        | Vice President and Controller                          |
| Janet G. Keckeisen  | Vice President, Investor Relations                     |
| A. Andrew R. Louis  | Vice President and Secretary                           |
| Kelly D. Luttmner   | Vice President and Global Tax Director                 |
| John A. St. Wrba    | Vice President and Treasurer                           |

The nature of the duties of each of our executive officers who are employees of Contran is consistent with the duties normally associated with the officer titles and positions such officer holds with us. Other than Messrs. Christian, Hafer and Louis and Ms. Keckeisen, each of these persons also serves as an executive officer of Contran.

The charge under this ISA reimburses Contran for its cost of employing the personnel who provide the services by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. The amount of the fee we paid in each of the last three years under this ISA for a person who provided services to us represents, in management's view, the reasonable equivalent of "compensation" for such services. See the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement for the aggregate amount we paid to Contran in 2011 under this ISA. Under the various ISAs among Contran and its subsidiaries, we share the cost of the employment of our named executive officers employed by Contran with Contran and certain of its other publicly and privately held subsidiaries. For our named executive officers employed by Contran, the portion of the annual charge we paid for each of the last three years to Contran under this ISA attributable to each of their services is set forth in footnote 2 to the 2011 Summary Compensation Table in this proxy statement. Footnote 2 also sets forth the cash fees we paid to each of Messrs. Simmons and Watson for their director services, and footnote 3 sets forth the stock compensation we paid to each of Messrs. Simmons and Watson for their director services. The amount charged under the ISA and the cash director fees are not dependent upon our financial performance. As discussed further below, the amount charged under the ISA is based upon Contran's cost of employing or engaging the personnel who provide the services to us (including the services of our named executive officers employed by Contran) by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. See the Director Compensation and the 2011 Grants of Plan-Based Awards sections in this proxy statement for a discussion of our director fees and the formulas by which they are determined.

We believe the cost of the services received under our ISA with Contran, after considering the quality of the services received, is fair to us and is no less favorable to us than we could otherwise obtain from an unrelated third party for comparable services, based solely on our collective business judgment and experience without performing any independent market research.

In the early part of each year, Contran's management, including certain of our named executive officers, estimates the percentage of time that each Contran employee, including certain of our named executive officers, is expected to devote in the upcoming year to Contran and its subsidiaries, including us. Contran's management then allocates Contran's cost of employing each of its employees among Contran and its various subsidiaries based on such estimated percentages. Contran's aggregate cost of employing each of its employees comprises:

- the annualized base salary of such employee at the beginning of the year;
- an estimate of the bonus Contran will pay or accrue for such employee (other than bonuses for specific matters) for the year, using as a reasonable approximation for such bonus the actual bonus that Contran paid or accrued for such employee in the prior year; and
- Contran's portion of the social security and medicare taxes on such base salary and an estimated overhead factor (24% for each of 2011 and 2010, and 17% for 2009) applied to the base salary for the cost of medical and life insurance benefits, unemployment taxes, disability insurance, defined benefit and defined contribution plan benefits, professional education and licensing and costs of providing an office, equipment and supplies related to providing such services.

The overhead factor increased in 2010 as compared to 2009 primarily as a result of increased defined benefit pension plan costs resulting principally from changes in the funded status of Contran's defined benefit plan due to the negative overall impact of the global economic recession on the return on assets held by the plan. Contran's senior management subsequently made such adjustments to the details of the proposed ISA charge as they deemed necessary for accuracy, overall reasonableness and fairness to us.

In the first quarter of each year, the proposed charge for that year under our ISA with Contran was presented to our management development and compensation committee, and the committee considered whether to recommend that our board of directors approve the ISA charge. Among other things during such presentation, the committee was informed of:

- the quality of the services Contran provides to us, including the quality of the services certain of our executive officers provide to us;
- the \$1.0 million charge to us for the services of Harold C. Simmons as our chairman of the board;
- the comparison of the ISA charge and number of full-time equivalent employees reflected in the charge by department for the prior year and proposed for the current year;
- the comparison of the prior year and proposed current year charges by department and in total and such amounts as a percentage of Contran's similarly calculated costs for its departments and in total for those years;
- the comparison of the prior year and proposed current year average hourly rate; and
- the concurrence of our chief financial officer as to the reasonableness of the proposed charge.

In determining whether to recommend that the board of directors approve the proposed ISA fee, the management development and compensation committee considers the three elements of Contran's cost of employing the personnel who provide services to us, including the cost of employing certain of our named executive officers, in the aggregate and not individually. After considering the information contained in such presentations, and following further discussion and review, our management development and compensation committee recommended that our board of directors approve the proposed ISA fee after concluding that:

- the cost to employ the additional personnel necessary to provide the quality of the services provided by Contran would exceed the proposed aggregate fee to be charged by Contran to us under our ISA with Contran; and
- the cost for such services would be no less favorable than could otherwise be obtained from an unrelated third party for comparable services.

In reaching its recommendation, our management development and compensation committee did not review:

- any ISA charge from Contran to any other publicly held parent or sister company, although such charge was separately reviewed by the management development and compensation committee of the applicable company; and
- the compensation policies of Contran or the amount of time our named executive officers employed by Contran are expected to devote to us because:
  - o each of our named executive officers employed by Contran provides services to many companies related to Contran, including Contran itself;
  - o the fee we pay to Contran under our ISA with Contran each year does not represent all of Contran's cost of employing each of such named executive officers;
  - o Contran and these other companies related to Contran absorb the remaining amount of Contran's cost of employing each of such named executive officers; and
  - o the members of our management development and compensation committee consider the other factors discussed above in determining whether to recommend that the proposed ISA fee for each year be approved by the full board of directors.

Based on the recommendation of our management development and compensation committee, as well as the concurrence of our chief financial officer, our independent directors approved the proposed annual ISA charge effective January 1, 2011, with our other directors abstaining.

For financial reporting and income tax purposes, the ISA fee is expensed as incurred on a quarterly basis. Contran has implemented a limit of \$1.0 million on any individual's charge to a publicly held company in order to enhance the deductibility by the company of the charge for tax purposes under Section 162(m) of the Internal Revenue Code of 1986, if such section were to be deemed applicable. Section 162(m) generally disallows a tax deduction to publicly held companies for non-performance based compensation over \$1.0 million paid to the company's chief executive officer and four other most highly compensated executive officers. Because of this policy, the portion of the aggregate ISA fee we paid to Contran in each of the last three years that was attributable to the services of Harold C. Simmons was limited to such \$1.0 million amount.

*Deductibility of Compensation.* It is our general policy to structure the performance-based portion of the compensation of our executive officers, if any, in a manner that enhances our ability to deduct fully such compensation under Section 162(m) of the Internal Revenue Code.

**Compensation Committee Report.** The management development and compensation committee has reviewed with management the Compensation Discussion and Analysis section in this proxy statement. Based on the committee's review and a discussion with management, the committee recommended to the board of directors that our compensation discussion and analysis be included in this proxy statement.

**Summary of Cash and Certain Other Compensation of Executive Officers.** The 2011 Summary Compensation Table below provides information concerning compensation we and our subsidiaries paid or accrued for services rendered during the last three years by our chief executive officer, chief financial officer and each of the three other most highly compensated individuals (in certain instances, based on ISA charges to us) who were our executive officers at December 31, 2011. Messrs. Harold C. Simmons, Steven L. Watson and Gregory M. Swalwell were employees of Contran for the last three years and provided their services to us and our subsidiaries pursuant to our ISA with Contran. For a discussion of this ISA, see the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement.

(1) Certain non-applicable columns have been omitted from this table.

(2) The amounts shown in the 2011 Summary Compensation Table as salary for each of these named executive officers include the portion of the fees we paid pursuant to our ISA with Contran with respect to the services such officer rendered to us and our subsidiaries. The ISA charges disclosed for Contran employees who perform executive officer services to us and our subsidiaries are based on various factors described in the Compensation Discussion and Analysis section of this proxy statement. Our management development and compensation committee considers the factors described in the Compensation Discussion and Analysis section of this proxy statement in determining whether to recommend that our board of directors approve the aggregate proposed ISA fee with Contran. As discussed in the Compensation Discussion and Analysis section of this proxy statement, our management development and compensation committee does not consider any ISA charge from Contran to any other publicly held parent or sister company of ours, although such charge is separately reviewed by the management development and compensation committee of the applicable company. The amount shown in the table as salary for Messrs. Simmons and Watson also includes director cash compensation we paid to each of them for each of the last three years. The components of salary shown in the 2011 Summary Compensation Table for each of these named executive officers are as follows.

(3) Stock awards to these named executive officers in the last three years consisted of shares of our common stock we granted to Messrs. Simmons and Watson for their director services. See the 2011 Grants of Plan-Based Awards Table below for more details regarding the 2011 grants. The stock awards consisted of the following:

| Shares of our<br>Common Stock | Date of Grant | Closing Price on<br>Date of Grant | Grant Date Value<br>of Shares of our<br>Common Stock |

Our common stock share amounts and closing prices per share have been adjusted to give effect to our 2-for-1 common stock split distributed in the form of a dividend on May 20, 2011. These stock awards were valued at the closing price of a share of our common stock on the date of grant, consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718.

(4) Represents a discretionary incentive bonus we paid to this named executive officer for 2009, 2010 and 2011. See our discussion of the discretionary bonuses in the Compensation Discussion and Analysis section of this proxy statement.

(5) Represents the change from December 31, 2008 to December 31, 2009 (for 2009), the change from December 31, 2009 to December 31, 2010 (for 2010) and the change from December 31, 2010 to December 31, 2011 (for 2011) in the actuarial present value of Mr. Weaver's accumulated benefit under our domestic pension plan. Mr. Weaver's pension benefits consist of a guaranteed annuity that he earned prior to 1987 and pension benefits earned subsequently. Based on his age, he is currently eligible to retire and receive his benefits under the plan without reducing his benefits for age, but under the terms of the plan he cannot start to receive his benefits until he actually retires. For purposes of calculating the change in the present value of his accumulated benefit under this plan from one year to the next, we assumed the following (actual benefits will be based on actual future facts and circumstances):

- his retirement at December 31, 2008, 2009, 2010 and 2011, respectively, since at each date he was eligible to retire without reducing his benefits at such dates;
- the commencement of the payments of his benefits under this plan at December 31, 2008, 2009, 2010 and 2011, respectively, since he is eligible to retire without reducing his benefits at such dates;
- the choice of a single life annuity as the method to receive payments under the plan commencing at December 31, 2008, 2009, 2010 and 2011, respectively;
- the choice of a life lump sum payment for his accrued pension benefits he earned from age 65 to December 31, 2008, 2009, 2010 and 2011, respectively, plus interest;
- payments continuing for his life expectancy derived from a mortality table; and
- discount rates for present value calculations at December 31, 2008, 2009, 2010 and 2011 of 6.1%, 5.7%, 5.1% and 4.2%, respectively, which rates are the same rates we used for financial statement reporting purposes in determining the present value of our aggregate accumulated benefits for all participants under this plan.

(6) As shown below, all other compensation for Mr. Weaver consisted of the following payments for his benefit:

- matching contributions pursuant to the savings feature of our savings plan;
- retirement contributions pursuant to our savings plan;
- transition payments paid pursuant to our savings plan; and
- life insurance premiums.

(a) Under the terms of the life insurance policy provided by these premiums, Mr. Weaver was entitled to a cash surrender value of approximately \$39,825 at December 31, 2011.

See the discussion of our savings plan contributions in the Compensation Discussion and Analysis section of this proxy statement.

(7) Dr. Fiand receives his compensation in euros. We report these amounts in the 2011 Summary Compensation Table above in U.S. dollars based on an annual average exchange rate of \$1.4020, \$1.3308, and \$1.3931 per €1.00 for 2011, 2010 and 2009, respectively.

(8) These amounts represent the following changes in the actuarial present value of Dr. Fiand's accumulated benefit under the following plans for financial statement reporting purposes:

| Year | Bayer Pensionskasse (a) | Supplemental Pension Promise (b) | Individual Pension Promise (c) | Total  |
|------|-------------------------|----------------------------------|--------------------------------|--------|
| 2011 | \$ 1,991                | \$ 2,973                         | \$ (4,411)                     | \$ 553 |
| 2010 | 10,177                  | 18,489                           | 172                            | 28,838 |
| 2009 | 1,511                   | 21,613                           | 945                            | 24,069 |

(a) A defined benefit pension plan for employees of our German operations.

(b) A non-qualified, unfunded defined benefit supplemental retirement plan for employees of our German operations that supplements their pension benefits.

(c) A non-qualified, unfunded defined benefit supplemental retirement plan for certain highly compensated employees of our German operations that also supplements their pension benefits.

For purposes of calculating these changes in the present value of Dr. Fiand's accumulated benefits, we assumed the following (actual benefits will be based on actual future facts and circumstances):

- his credited service and eligible earnings as of the measurement date for each fiscal year we used for financial statement reporting purposes for these plans would not change;
- his retirement at December 31, 2008, 2009, 2010 and 2011, respectively, since he is eligible to retire without reducing his benefits at such dates;
- the commencement of the payments of his benefits under these plans at December 31, 2008, 2009, 2010 and 2011, respectively, since he is eligible to retire without reducing his benefits at such dates;
- payments continuing for his life expectancy derived from a mortality table; and
- discount rates for present value calculations at December 31, 2008, 2009, 2010 and 2011 of 5.8%, 5.5%, 5.3% and 5.5% respectively, which rates are the same rates we used for financial statement reporting purposes in determining the present value of our aggregate accumulated benefits for all participants under these plans.

For more details regarding these pension plan benefits, see the Pension Benefits section of this proxy statement.

(9) Represents an annual car allowance we pay for the benefit of Dr. Fiand.

**2011 Grants of Plan-Based Awards.** The following table sets forth details of the stock awards we granted to certain of our named executive officers in 2011 for their services as directors. Other than such stock awards, and as already discussed, we did not pay any plan-based incentive compensation in 2011. Messrs. Fiand, Weaver and Swalwell were not eligible to receive any of our plan-based awards in 2011.

**2011 GRANTS OF PLAN-BASED AWARDS (1)**

| Name              | Grant Date | Date of Approval (2) | All Other Stock Awards: Number of Shares of Stock or Units (#) (2)(3) | Grant Date Fair Value of Stock and Option Awards (2) (3) |
|-------------------|------------|----------------------|---|--|
| Harold C. Simmons | 05/12/11   | 01/01/04             | 1,000   | \$27,385   |
| Steven L. Watson  | 05/12/11   | 01/01/04             | 1,000   | 27,385   |

(1) Certain non-applicable columns have been omitted from this table.

(2) As preapproved in 2004 by our management development and compensation committee, on the day of each of our annual stockholder meetings each of our directors elected on that day receives a grant of shares of our common stock under our 2003 Long-Term Incentive Plan as determined by the following formula based on the closing price of a share of our common stock on the date of such meeting.

| Range of Closing Price Per Share on the Date of Grant | Shares of Common Stock to Be Granted |
|---|--------------------------------------|
| Under \$5.00  | 2,000                                |
| \$5.00 to \$9.99                                      | 1,500                                |
| \$10.00 to \$20.00                                    | 1,000                                |
| Over \$20.00  | 500                                  |

These shares are fully vested and tradable immediately on their date of grant, other than restrictions under applicable securities laws. For the purposes of this table, we valued these stock awards at the \$27.385 closing price per share of our common stock on their date of grant, consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718.

(3) As already disclosed, the number of shares granted and the closing price on the date of grant have been adjusted to give effect to our 2-for-1 common stock split we distributed in the form of a stock dividend on May 20, 2011.

**No Outstanding Equity Awards at December 31, 2011.** We have never granted any stock options to purchase shares of our common stock or shares of our common stock that were subject to vesting restrictions. At December 31, 2011, none of our named executive officers held any stock options exercisable for shares of common stock of our parent or subsidiary corporations or any of such shares subject to vesting restrictions.

**Option Exercises and Stock Vested.** The following table provides information with respect to the amount certain of our named executive officers realized in 2011 upon the exercise of their stock options exercisable for NL common stock. None of our named executive officers held shares of our stock or of our parent or subsidiary corporations that were subject to vesting restrictions in 2011. For stock awards granted in 2011 to Messrs. Harold C. Simmons and Steven L. Watson that had no vesting restrictions, see the 2011 Grants of Plan-Based Awards Table above.

**2011 OPTION EXERCISES AND STOCK VESTED (1)**

| Name              | Number of Shares Acquired on Exercise (#) | Value Realized on Exercise (2) |
|-------------------|---|--------------------------------|
| Douglas C. Weaver | 4,000                                     | \$ 8,980                       |
| Ulfert Fiand      | 1,200                                     | 1,878                          |

(1) Certain non-applicable columns have been omitted from this table.

- (2) These stock options exercisable for shares of NL common stock were granted to these named executive officers prior to our spin-off from NL in 2003. The value realized is based on the difference between the closing sale price per share of the underlying NL common stock on the day of the exercise and the exercise price per share.

**Pension Benefits.** Dr. Fiand and Mr. Weaver are the only named executive officers who are eligible for pension benefits for which we are obligated to pay. The following table sets forth, among other things, information regarding the actuarial present value of their accumulated pension benefits as of December 31, 2011.

**2011 PENSION BENEFITS (1)**

(1) Certain non-applicable columns have been omitted from this table.

(2) We froze the credited service of all participants under this pension plan, including Mr. Weaver, in 1996. For purposes of calculating the present value of Mr. Weaver's accumulated benefit, we assumed the following (actual benefits will be based on future facts and circumstances):

- his retirement at December 31, 2011, since he is eligible to retire without reducing his benefits at such date;
- the commencement of the payments of his benefits under these plans at December 31, 2011, since he is eligible to retire without reducing his benefits at such date;
- the choice of a single life annuity as the method to receive payments under the plan commencing at December 31, 2011;
- the choice of a life lump sum payment for his accrued pension benefits he earned from age 65 to December 31, 2011, plus interest;
- payments continuing for his life expectancy derived from a mortality table; and
- a discount rate for the present value calculation at December 31, 2011 of 4.2%, which rate is the same rate we used for financial statement reporting purposes in determining the present value of our aggregate accumulated benefits for all participants under this plan.

(3) Dr. Fiand will receive his pension and supplemental pension benefits in euros. We report these amounts in the table above in U.S. dollars based on an average exchange rate for 2011 of \$1.4020 per €1.00. For purposes of calculating the present values of his accumulated benefits, we assumed the following (actual benefits will be based on future facts and circumstances):

- his credited service and eligible earnings as of December 31, 2011 (the last measurement date used for financial statement reporting purposes for these plans) would not change;
- his retirement at December 31, 2011 since he is eligible to retire without reducing his benefits at such date;
- the commencement of the payments of his benefits under these plans at December 31, 2011 since he is eligible to retire without reducing his benefits at such date;
- payments continuing for his life expectancy derived from a mortality table; and
- a discount rate for the present value calculation at December 31, 2011 of 5.5%, which rate is the same rate we used for financial statement reporting purposes in determining the present value of our aggregate accumulated benefits for all participants under these plans.

*Bayer Pensionskasse, Supplemental Pension Promise and Individual Pension Promise.* Employees of our German operations who have been employed since prior to January 1, 2005 are covered by the Bayer Pensionskasse. Each employee contributes 2% of eligible earnings excluding bonus, up to the social security contribution ceiling (currently €67,200) and the Bayer Pensionskasse provides an annual benefit of 44% of such employee's accumulated contributions (with a minimum benefit of approximately €13 per month). The purpose of this plan is to provide funded, tax-qualified benefits up to the German social security contribution ceiling.

The Supplemental Pension Promise also covers all employees of the German operations who have completed ten years of service. Our German operations accrue 11.25% of the participants' eligible annual earnings excluding bonus in excess of the social security contribution ceiling, up to a maximum of €117,000. The Supplemental Pension Promise provides an annual retirement benefit of 20% of all accruals made by our German operations. The purpose of this plan is to provide participants with a benefit in excess of what would be provided under the Bayer Pensionskasse due to the German social security contribution ceiling.

The Individual Pension Promise covers each of the sixteen department heads of our German operations. The Individual Pension Promise provides an annual retirement benefit of €6,135 to the sixteen department heads. The purpose of this plan is to provide certain of our more highly compensated German employees with a benefit in excess of what would be provided under the Bayer Pensionskasse and the Supplemental Pension Promise due to the combined ceiling of €117,000 of those plans.

Dr. Fiant is eligible to receive a pension through the Bayer Pensionskasse, the Supplemental Pension Promise and the Individual Pension Promise. Benefits for each of these plans are payable upon retirement and the attainment of ages specified in the plans. Because he is already over 60 years old, he is currently eligible to retire and receive full benefits under each of these three plans.

**Domestic Defined Benefit Pension Plan.** In 1996, we suspended all future accruals under our domestic defined benefit pension plan and closed the plan to new participants. The pension benefits are payable upon retirement and attainment of ages specified in the plan. Normal retirement is 65 years of age with five years of participation in the plan. However, participants can retire at age 62 with 30 years of service with unreduced benefits. After retirement, married participants, unless they choose otherwise with the consent of their spouse, receive a qualified joint and survivor annuity in exchange for a reduced benefit payout to the participant (as compared to the straight life annuity option). The purpose of this plan was to provide funded, tax-qualified benefits up to specified statutory limits on compensation and benefits. Generally, a participant's years of credited service under the plan equals the years he or she has worked for us. However, in certain instances, we adjusted such years of credited service on an ad hoc basis. Mr. Weaver is the only named executive officer who participates in this plan. He currently is eligible to retire and receive unreduced benefits under this plan (without any deviation from his actual service).

**Nonqualified Deferred Compensation.** We do not owe any nonqualified deferred compensation to our named executive officers.

**Director Compensation.** Our directors are entitled to receive compensation for their services as directors. Effective July 1, 2011, our board of directors increased the annual retainers paid to our directors and committee members. The table below reflects the annual rates of retainers for 2011 before and after July 1, 2011 and the aggregate amount paid during 2011 at such annual rates.

|  | 2011 First Six-Month Director Retainers |           | 2011 Second Six-Month Director Retainers |           |
|--|---|-----------|--|-----------|
|  | Annual Rate                             | Paid      | Annual Rate                              | Paid      |
| Each director  | \$ 20,000                               | \$ 10,000 | \$ 25,000                                | \$ 12,500 |
| Chairman of our audit committee and any member of our audit committee whom the board identified as an "audit committee financial expert" (provided that if one person served in both capacities only one such retainer was paid) | \$ 20,000                               | \$ 10,000 | \$ 30,000                                | \$ 15,000 |
| Other members of our audit committee   | \$ 10,000                               | \$ 5,000  | \$ 15,000                                | \$ 7,500  |
| Members of our other committees  | \$ 2,000                                | \$ 1,000  | \$ 5,000                                 | \$ 2,500  |

Additionally, our directors receive a fee of \$1,000 per day for attendance at meetings of the board of directors or its committees and at a daily rate (\$125 per hour) for other services rendered on behalf of our board of directors or its committees. If a director dies while serving on our board of directors, his designated beneficiary or estate will be entitled to receive a death benefit equal to the annual retainer then in effect. We reimburse our directors for reasonable expenses incurred in attending meetings and in the performance of other services rendered on behalf of our board of directors or its committees.

As discussed in footnote 2 to the 2011 Grants of Plan-Based Awards Table, on the day of each annual stockholder meeting, each of our directors elected on that date receives a grant of shares of our common stock as determined by the closing price of a share of our common stock on the date of such meeting. The following table provides information with respect to compensation certain of our directors earned for their 2011 director services provided to us.

**2011 DIRECTOR COMPENSATION (1)**

(1) Certain non-applicable columns have been omitted from this table. See footnotes 2 and 3 to the 2011 Summary Compensation Table and 2011 Grants of Plan-Based Awards Table in this proxy statement for compensation Harold C. Simmons and Steven L. Watson earned from us for director services.

(2) Represents cash retainers and meeting fees the director earned for director services he provided to us in 2011.

(3) Represents the value of 1,000 shares of our common stock we granted to each of these directors on May 12, 2011. For the purposes of this table, we valued these stock awards at the \$27.385 closing price per share of such shares on their date of grant, consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718. The number of shares granted and the closing price on the date of grant have been adjusted to give effect to our 2-for-1 common stock split we distributed in the form of a stock dividend on May 20, 2011.

**Compensation Policies and Practices as They Relate to Risk Management.** We believe that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. In reaching this conclusion, we considered the following:

- other than stock grants to our directors, we do not grant equity awards to our employees, officers or other persons who provide services to us under our ISA with Contran, which mitigates taking excessive or inappropriate risk for short-term gain that might be rewarded by equity compensation;
- our executive officers employed by us are eligible to receive incentive bonus payments that are determined on a discretionary basis and do not guarantee the employee a particular level of bonus based on the achievement of a specified performance or financial target, which also mitigates taking excessive or inappropriate risk for short-term gain;
- beginning in 2011, our other key employees are eligible to receive bonuses determined in part on the achievement of specified performance or financial targets, but the chance of such employees undertaking actions with excessive or inappropriate risk for short-term gain in order to achieve such bonuses is mitigated because:
  - o our executive officers employed by us who are responsible for setting the specified performance or financial targets are not eligible to receive bonuses based on the achievement of the targets, but instead are only eligible for the discretionary-based bonuses described above; and

- o there exist ceilings for these bonuses regardless of the actual level of our financial performance achieved;
- our officers and other persons who provide services to us under our ISA with Contran do not receive compensation from us directly and are employed by Contran, one of our parent corporations, which aligns such officers and persons with the long-term interests of our stockholders;
- since we are a controlled company, as previously discussed, management has a strong incentive to understand and perform in the long-term interests of our stockholders; and
- our experience is that our employees are appropriately motivated by our compensation policies and practices to achieve profits and other business objectives in compliance with our oversight of material short and long-term risks.

For a discussion of our compensation policies and practices for our executive officers, please see the Compensation Discussion and Analysis section of this proxy statement.

**Compensation Consultants.** Neither our board of directors, management development and compensation committee nor management has engaged any compensation consultants.

#### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership with the SEC, the NYSE and us. Based solely on the review of the copies of such forms and representations by certain reporting persons, we believe that for 2011 our executive officers, directors and 10% stockholders complied with all applicable filing requirements under section 16(a).

#### **CERTAIN RELATIONSHIPS AND TRANSACTIONS**

**Related Party Transaction Policy.** As set forth in our code of business conduct and ethics, from time to time, we engage in transactions with affiliated companies. In addition, certain of our executive officers and directors serve as executive officers and directors of affiliated companies. With respect to transactions between or involving us and one or more of our affiliates, it is not a violation of the code if the transaction, in our opinion, is no less favorable to us than could be obtained from unrelated parties, or the transaction, in the absence of stockholder ratification or approval by our independent directors, is fair to all companies involved. Furthermore, the code provides that:

- directors and officers owe a duty to us to advance our legitimate interests when the opportunity to do so arises; and
- they are prohibited from (a) taking for themselves personally opportunities that properly belong to us or are discovered through the use of our property, information or position, (b) using corporate property, information or position for improper personal gain and (c) competing with our interests.

Our executive officers are responsible for applying this policy to related parties. No specific procedures are in place, however, that govern the treatment of transactions among us and our related entities, although we and such entities may implement specific procedures as appropriate for particular transactions. Provided, in our judgment, the standard set forth in the code of business conduct and ethics is satisfied, we believe, given the number of companies affiliated with Contran, that related party transactions with our affiliates, in many instances (such as achieving economies of scale), are in our best interest. In certain instances, our executive officers may seek the approval or ratification of such transactions by our independent directors, but there is no quantified threshold for seeking this approval.

**Relationships with Related Parties.** As set forth under the Security Ownership section of this proxy statement, Harold C. Simmons, through Contran, may be deemed to control us. We and other entities that may be deemed to be controlled by or related to Mr. Simmons sometimes engage in the following:

- intercorporate transactions, such as guarantees, management, expense and insurance sharing arrangements, tax sharing agreements, joint ventures, partnerships, loans, options, advances of funds on open account and sales, leases and exchanges of assets, including securities issued by both related and unrelated parties; and
- common investment and acquisition strategies, business combinations, reorganizations, recapitalizations, securities repurchases and purchases and sales (and other acquisitions and dispositions) of subsidiaries, divisions or other business units, which transactions have involved both related and unrelated parties and have included transactions that resulted in the acquisition by one related party of an equity interest in another related party.

We periodically consider, review and evaluate and understand that Contran and related entities periodically consider, review and evaluate such transactions. Depending upon the business, tax and other objectives then relevant and restrictions under indentures and other agreements, it is possible that we might be a party to one or more of such transactions in the future. In connection with these activities, we may consider issuing additional equity securities or incurring additional indebtedness. Our acquisition activities have in the past and may in the future include participation in acquisition or restructuring activities conducted by other companies that may be deemed to be related to Harold C. Simmons.

Certain directors or executive officers of CompX, Contran, Keystone, NL, TIMET or Valhi also serve as our directors or executive officers. Such relationships may lead to possible conflicts of interest. These possible conflicts of interest may arise under circumstances in which such companies may have adverse interests. In such an event, we implement such procedures as are appropriate for the particular transaction.

**Intercorporate Services Agreements.** As discussed elsewhere in this proxy statement, we and certain related companies have entered into ISAs. Under the ISAs, employees of one company provide certain services, including executive officer services, to the other company on a fixed fee basis. The services rendered under the ISAs may include executive, management, financial, internal audit, accounting, tax, legal, insurance, real estate management, environmental management, risk management, treasury, aviation, human resources, technical, consulting, administrative, office, occupancy and other services as required from time to time in the ordinary course of the recipient's business. The fees paid pursuant to the ISAs are generally based upon an estimated percentage of the time devoted by employees of the provider of the services to the business of the recipient and the employer's cost related to such employees, which includes the expense for the employees' compensation and an overhead component that takes into account other employment related costs. Generally, each of the ISAs renews on a quarterly basis subject to the termination by either party pursuant to a written notice delivered 30 days prior to the start of the next quarter. Because of the number of companies related to Contran and us, we believe we benefit from cost savings and economies of scale gained by not having certain management, financial, legal, tax, real estate and administrative staffs duplicated at each company, thus allowing certain individuals to provide services to multiple companies. With respect to a publicly held company that is a party to an ISA, the ISA and the related aggregate annual charge are approved by the independent directors of the company after receiving the recommendation from the company's management development and compensation committee as well as the concurrence of the chief financial officer. See the Compensation of our Named Executive Officers Employed by Contran part of the Compensation Discussion and Analysis section in this proxy statement for a more detailed discussion on the procedures and considerations taken by our independent directors in approving the aggregate 2011 fee charged to us under our ISA with Contran.

In 2011, we paid Contran fees of approximately \$9.6 million for its services under our ISA with Contran, including amounts for the services of certain of our named executive officers that are employees of Contran, as disclosed in the 2011 Summary Compensation Table in this proxy statement. In 2012, we expect to pay Contran fees of approximately \$11.2 million for its services under this ISA, including the services of certain of our named executive officers that are employees of Contran. We also pay director compensation and expenses directly to Messrs. Harold and Glenn Simmons and Watson for their services as our directors, as disclosed above in the 2011 Summary Compensation Table and the 2011 Director Compensation Table.

**Risk Management Program.** We and Contran participate in a combined risk management program. Pursuant to the program, Contran and certain of its subsidiaries and related entities, including us and certain of our subsidiaries and related entities, as a group purchase insurance policies and risk management services. The program apportions its costs among the participating companies. Tall Pines and EWI provide for or broker the insurance policies. Tall Pines purchases reinsurance for substantially all of the risks it underwrites. EWI also provides claims and risk management services and, where appropriate, engages certain third-party risk management consultants. Tall Pines is a captive insurance company wholly owned by Valhi. EWI is a reinsurance brokerage and risk management company wholly owned by NL. Tall Pines purchases reinsurance from third-party insurance carriers with an A.M. Best Company rating of generally at least an "A-" (excellent) for substantially all of the risks it underwrites. Consistent with insurance industry practices, Tall Pines and EWI receive commissions from insurance and reinsurance underwriters and/or assess fees for the policies that they provide or broker.

With respect to certain of such jointly owned insurance policies, it is possible that unusually large losses incurred by one or more insureds during a given policy period could leave the other participating companies without adequate coverage under that policy for the balance of the policy period. As a result, Contran and certain of its subsidiaries or related companies, including us, have entered into a loss sharing agreement under which any uninsured loss is shared by those companies who have submitted claims under the relevant policy. We believe the benefits in the form of reduced premiums and broader coverage associated with the group coverage for such policies justify the risks associated with the potential for any uninsured loss.

During 2011, we paid Tall Pines and EWI in the aggregate approximately \$9.5 million, including approximately \$1.9 million paid by Louisiana Pigment Company, L.P., a partnership of which one of our wholly owned subsidiaries and a subsidiary of Huntsman Corporation (NYSE: HUN) each own 50%. These amounts principally represent payments for insurance premiums, which include premiums or fees paid to Tall Pines and commissions or fees paid to EWI. These amounts also include payments to insurers or reinsurers through EWI for the reimbursement of claims within our applicable deductible or retention ranges that such insurers and reinsurers paid to third parties on our behalf, as well as amounts for claims and risk management services and various other third-party fees and expenses incurred by the program. In our opinion, the program's allocations of its costs among us and our related entities are reasonable. We believe the amounts that we, our subsidiaries and Louisiana Pigment paid for the combined risk management program are less than the costs we would have incurred had we entirely used unrelated third parties for the services the program provided. We expect that these relationships with Tall Pines and EWI will continue in 2012. Because we believe there is no conflict of interest regarding our participation in the combined risk management program, our audit committee received a report regarding this program but we did not ask our independent directors to approve it.

**Tax Matters.** We and our qualifying subsidiaries are members of the consolidated U.S. federal tax return of which Contran is the parent company, which we refer to as the "Contran Tax Group." As a member of the Contran Tax Group and pursuant to certain tax sharing agreements or policies, each of the members and its qualifying subsidiaries compute provisions for U.S. income taxes on a separate company basis using tax elections made by Contran. Pursuant to the tax sharing agreements or policies and using tax elections made by Contran, each of the parties makes payments or receives payments in amounts it would have paid to or received from the U.S. Internal Revenue Service had it not been a member of the Contran Tax Group but instead had been a separate taxpayer. Refunds are generally limited to amounts previously paid under the respective tax sharing agreement or policy. We and our qualifying subsidiaries are also a part of consolidated tax returns filed by Contran in certain U.S. state jurisdictions. The terms of the applicable tax sharing agreements or policies also apply to state payments to these jurisdictions.

Under applicable law, we, as well as every other member of the Contran Tax Group, are each jointly and severally liable for the aggregate federal income tax liability of Contran and the other companies included in the group for all periods in which we are included in the group. Under our tax agreement with Valhi, Valhi agrees to indemnify us for any liability for income taxes of the Contran Tax Group in excess of our tax liability previously computed and paid by us in accordance with the tax allocation policy.

Under certain circumstances, tax regulations could require Contran to treat items differently than we would have treated them on a stand-alone basis. In such instances, accounting principles generally accepted in the United States of America require us to conform to Contran's tax elections. For 2011, pursuant to our tax sharing agreement and policies with Valhi, we made a net cash payment of income taxes to Valhi of approximately \$43.5 million. Because the calculation of our tax payments or refunds is determined pursuant to applicable tax law, we believe there is no conflict of interest regarding our tax sharing agreement and policies with Valhi. Consequently, our independent directors received a report regarding such tax sharing agreement and policies but were not asked to approve our tax agreement or policies or the resulting payments or refunds for income taxes.

**Related Party Loans for Cash Management Purposes.** From time to time, loans and advances are made between us and various related parties pursuant to term and demand notes. These loans and advances are entered into principally for cash management purposes pursuant to our cash management program. When we loan funds to related parties, the lender is generally able to earn a higher rate of return on the loan than the lender would earn if the funds were invested in other instruments. While certain of such loans may be of a lesser credit quality than cash equivalent instruments otherwise available to us, we believe that we have evaluated the credit risks involved, and that those risks are reasonable and reflected in the terms of the applicable loans. When we borrow from related parties, we are generally able to pay a lower rate of interest than we would pay if we borrowed from unrelated parties.

In April 2010, we entered into an unsecured revolving credit promissory note with Contran pursuant to which we may borrow up to \$40.0 million from Contran. Our loan from Contran under the revolving note was unsecured, bore interest at the prime rate minus 0.5% with interest payable quarterly and all principal and unpaid interest due on the earlier of demand or December 31, 2011. We did not borrow any amounts from Contran under this loan during 2011. This note terminated at its maturity on December 31, 2011. Because this loan was for cash management purposes, our independent directors received periodic reports regarding such loan from Contran, but we did not ask our independent directors to approve it.

In November 2010, we entered into an unsecured revolving credit promissory note with Valhi pursuant to which, as amended, we agreed to loan Valhi up to \$225.0 million. Our loan to Valhi under the revolving note was unsecured, bore interest at the prime rate plus 1.00% with interest payable quarterly and all principal and unpaid interest due on demand, but in any event no earlier than December 31, 2013. Any principal Valhi borrowed from us under this loan was solely at our discretion. During 2011, we received interest from Valhi on the revolving principal balance under this note of approximately \$3.7 million. As of December 31, 2011, Valhi had a principal amount outstanding under this note of approximately \$136.1 million, which was the largest amount of principal Valhi had borrowed from us during 2011. Because this loan was for the cash management purposes, our independent directors received periodic reports regarding such loan to Valhi, but we did not ask our independent directors to approve it.

**Data Recovery Program.** We and Contran participate in a combined information technology data recovery program that Contran provides from a data recovery center that it established. Pursuant to the program, Contran and certain of its subsidiaries and related entities, including us and certain of our subsidiaries and related entities, as a group share information technology data recovery services. The program apportions its costs among the participating companies. We paid Contran \$97,000 for such services in 2011. We expect that this relationship with Contran will continue in 2012. Because we believe there is no conflict of interest regarding our participation in the combined information technology data recovery program, our independent directors received a report regarding such program, but we did not ask our independent directors to approve it.

**Simmons Family Matters.** In addition to the services he provides under our ISA with Contran as discussed under the Intercorporate Services Agreements section above, certain family members of Harold C. Simmons also provide services to us through Contran pursuant to this ISA. In 2011, L. Andrew Fleck (a step-son of Harold Simmons) provided certain real property management services to us pursuant to this ISA. The portion of the fees we paid to Contran in 2011 pursuant to this ISA attributable to the services of Mr. Fleck was less than \$120,000. We expect the portion of the fees we will pay under this ISA for 2012 attributable to the services of Mr. Fleck to be a similar amount. See the Intercorporate Services Agreements section above for a more detailed discussion on the procedures and considerations taken by our independent directors in approving the aggregate 2011 ISA fee Contran charged us. As disclosed in the 2011 Director Compensation Table in this proxy statement, Mr. Glenn Simmons (a brother of Harold C. Simmons) also received compensation in cash and stock from us for his services as a director for 2011 and is expected to continue to receive similar compensation for 2012 for such services.

**AUDIT COMMITTEE REPORT**

Our audit committee of the board of directors is comprised of four directors and operates under a written charter adopted by the board of directors. All members of our audit committee meet the independence standards established by the board of directors and the NYSE and promulgated by the SEC under the Sarbanes-Oxley Act of 2002. The audit committee charter is available on our website at [www.kronosww.com](http://www.kronosww.com) under the corporate governance section.

Our management is responsible for, among other things, preparing our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, or "GAAP," establishing and maintaining internal control over financial reporting (as defined in Securities Exchange Act Rule 13a-15(f)) and evaluating the effectiveness of such internal control over financial reporting. Our independent registered public accounting firm is responsible for auditing our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for expressing an opinion on the conformity of the financial statements with GAAP. Our independent registered public accounting firm is also responsible for auditing our internal control over financial reporting in accordance with such standards and for expressing an opinion on our internal control over financial reporting. Our audit committee assists the board of directors in fulfilling its responsibility to oversee management's implementation of our financial reporting process. In its oversight role, our audit committee reviewed and discussed the audited financial statements and our internal control over financial reporting with management and with PwC, our independent registered public accounting firm for 2011.

Our audit committee met with PwC and discussed any issues deemed significant by our independent registered public accounting firm, including the matters required to be discussed pursuant to the auditing standards of the Public Company Accounting Oversight Board. PwC has provided to our audit committee written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and our audit committee discussed with PwC the firm's independence. Our audit committee also concluded that PwC's provision of other permitted non-audit services to us and our related entities is compatible with PwC's independence.

Based upon the foregoing considerations, our audit committee recommended to the board of directors that our audited financial statements be included in our 2011 Annual Report on Form 10-K for filing with the SEC.

Members of our audit committee of the board of directors respectfully submit the foregoing report.

## INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM MATTERS

**Independent Registered Public Accounting Firm.** PwC served as our independent registered public accounting firm for the year ended December 31, 2011. Our audit committee has appointed PwC to review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Report on Form 10-Q for the first quarter of 2012. We expect PwC will be considered for appointment to:

- review our quarterly unaudited condensed consolidated financial statements to be included in our Quarterly Reports on Form 10-Q for the second and third quarters of 2012 and the first quarter of 2013; and
- audit our annual consolidated financial statements and internal control over financial reporting for the year ending December 31, 2012.

Representatives of PwC are not expected to attend the annual meeting.

**Fees Paid to PricewaterhouseCoopers LLP.** The following table shows the aggregate fees that our audit committee has authorized and PwC has billed or is expected to bill to us for services rendered for 2010 and 2011. Additional fees for 2011 may subsequently be authorized and paid to PwC, in which case the amounts disclosed below for fees paid to PwC for 2011 would be adjusted to reflect such additional payments in our proxy statement relating to next year's annual stockholder meeting.

| <u>Type of Fees</u>    | <u>2010</u>     | <u>2011</u>     |
|------------------------|-----------------|-----------------|
|                        | (in thousands)  |                 |

| Audit-Related Fees (2) | 21              | 68              |
| Tax Fees (3)           | 12              | 30              |
| All Other Fees         | -0-             | -0-             |
| <b>Total</b>           | <b>\$ 2,060</b> | <b>\$ 2,276</b> |

(1) Fees for the following services:

- (a) audits of consolidated year-end financial statements for each year and, as applicable, of internal control over financial reporting;
- (b) reviews of the unaudited quarterly financial statements appearing in Forms 10-Q for each of the first three quarters of each year;
- (c) consents and/or assistance with registration statements filed with the SEC;
- (d) normally provided statutory or regulatory filings or engagements for each year; and
- (e) the estimated out-of-pocket costs PwC incurred in providing all of such services, for which PwC is reimbursed.

For 2010, the amount for audit fees includes \$179,000 we incurred as a result of our November 2010 secondary public offering of 17.94 million shares of common stock (adjusted for our 2-for-1 common stock split distributed in the form of a stock dividend on May 20, 2011).

- (2) Fees for assurance and related services reasonably related to the audit or review of financial statements for each year. These services included accounting consultations and attest services concerning financial accounting and reporting standards and advice concerning internal control over financial reporting.
- (3) Permitted fees for tax compliance, tax advice and tax planning services.

**Preapproval Policies and Procedures.** For the purpose of maintaining the independence of our independent registered public accounting firm, our audit committee has adopted policies and procedures for the preapproval of audit and other permitted services the firm provides to us or any of our subsidiaries. We may not engage the firm to render any audit or other permitted service unless the service is approved in advance by our audit committee pursuant to the committee's amended and restated preapproval policy. Pursuant to the policy:

- the committee must specifically preapprove, among other things, the engagement of our independent registered public accounting firm for audits and quarterly reviews of our financial statements, services associated with certain regulatory filings, including the filing of registration statements with the SEC, and services associated with potential business acquisitions and dispositions involving us; and
- for certain categories of other permitted services provided by our independent registered public accounting firm, the committee may preapprove limits on the aggregate fees in any calendar year without specific approval of the service.

These other permitted services include:

- audit-related services, such as certain consultations regarding accounting treatments or interpretations and assistance in responding to certain SEC comment letters;
- audit-related services, such as certain other consultations regarding accounting treatments or interpretations, employee benefit plan audits, due diligence and control reviews;
- tax services, such as tax compliance and consulting, transfer pricing, customs and duties and expatriate tax services; and
- assistance with corporate governance matters and filing documents in foreign jurisdictions not involving the practice of law.

The policy also lists certain services for which the independent auditor is always prohibited from providing us under applicable requirements of the SEC or the Public Company Accounting Oversight Board.

Pursuant to the policy, our audit committee has delegated preapproval authority to the chairman of the committee or his designee to approve any fees in excess of the annual preapproved limits for these categories of other permitted services provided by our independent registered public accounting firm. The chairman must report any action taken pursuant to this delegated authority at the next meeting of the committee.

For 2011, our audit committee preapproved all of PwC's services provided to us or any of our subsidiaries in compliance with our amended and restated preapproval policy without the use of the SEC's *de minimis* exception to such preapproval requirement.

## **PROPOSAL 2** **2012 DIRECTOR STOCK PLAN**

**Background.** The Kronos Worldwide, Inc. 2003 Long-Term Incentive Plan expires on October 31, 2013. The 2003 plan allows for many different types of equity and performance-based compensation (such as, without limitation, cash, stock options, stock appreciation rights, restricted or unrestricted stock and performance awards) that can be awarded to our key employees, or other key individuals who perform services for us, including, without limitation, directors who are not our employees. Our management development and compensation committee administers the 2003 plan and has only authorized grants of our common stock to our directors under the plan. As a result, our board of directors authorized the replacement of the 2003 plan with a new 2012 Director Stock Plan that only allows for grants of our common stock to our directors. Our board of directors adopted the 2012 plan on February 9, 2012 and it will be effective if and when the stockholders approve it at the 2012 annual meeting of our stockholders to be held on May 10, 2012. If the 2012 Director Stock Plan is approved by our stockholders, our board of directors has authorized the termination of the 2003 plan on June 15, 2012. The text of the 2012 Director Stock Plan is attached as **Appendix A** to this proxy statement. The description of the 2012 plan in this proxy statement is qualified in its entirety by reference to the complete text of the plan in **Appendix A**.

### **Description of the 2012 Director Stock Plan**

*Purpose.* The purpose of the 2012 Director Stock Plan is to replace the 2003 Long-Term Incentive Plan with a plan that is limited to grants of our common stock to our directors and to continue to advance our interests and those of our stockholders by providing incentives to our directors to contribute to our strategic and long-term performance objectives and growth.

*Grants and Eligible Persons.* The 2012 Director Stock Plan provides solely for grants of shares of our common stock to our directors. These grants of our common stock are issued free of restrictions on transfer (other than restrictions imposed by federal or state securities laws, as applicable) and free of forfeiture conditions. We currently have seven directors and have recommended the re-election of each director at the 2012 annual meeting of our stockholders.

*Grant Conditions.* The committee administering the 2012 plan, or the board of directors if it chooses to administer the plan, shall, from time to time, designate written specified performance goals for a given performance period based on the closing price per share of our common stock on the NYSE for any performance period that shall serve as a condition to a grant of shares of our common stock to a directors.

*Administration.* Generally, a committee of the board of directors consisting of two or more individuals administers the 2012 Director Stock Plan. The 2012 plan provides that the management development and compensation committee is the initial committee to administer the plan. If the board of directors chooses, it may administer the 2012 plan. The 2012 plan requires that the members of the committee administering the plan satisfy certain independence requirements so that the members are:

- “nonemployee directors” as defined in Rule 16b-3 promulgated by the SEC under Section 16 of the Securities Exchange Act; and
- “outside directors” as defined under regulations promulgated by the U.S. Department of Treasury under Section 162(m) of the Internal Revenue Code of 1986.

Members of the committee must also meet any applicable independence requirements of any stock exchange or other market quotation system on which shares of our common stock are listed. The SEC Rule 16b-3 requirements exempt grants to our executive officers from certain liabilities associated with short-swing trading in our common stock within in any six-month period. Compliance with the Section 162(m) treasury regulations allow us to deduct fully the compensation paid to a covered employee, such as our chief executive officer and the three other most highly compensated executive officers named in the compensation tables in our annual proxy statements. Members of the committee or board or directors administering the 2012 plan would be eligible to receive grants of common stock under the plan.

The committee or board or directors administering the 2012 plan determines the directors to whom it grants shares of our common stock and the timing and number of shares of such grants. In addition, the committee or board or directors administering the plan can construe and interpret the plan and any grant under the plan and to make all other determinations deemed necessary or advisable for the administration of the plan.

*Number of Shares Subject to the 2012 Director Stock Plan.* The 2012 plan reserves a maximum of 200,000 shares of our common stock, subject to certain adjustments. The shares of our common stock to be issued under the plan may be either newly issued shares, treasury shares, reacquired shares or any combination of the three.

*Annual Limit on 2012 Awards to an Individual.* The shares of our common stock that may be granted to any one director in any calendar year under the 2012 plan shall not exceed 10,000 shares.

*Adjustments in Shares of Common Stock.* Under the 2012 Director Stock Plan, if any change in the outstanding shares of our common stock occurs by reason of an extraordinary or unusual event (such as stock splits, stock dividends, recapitalizations or mergers), the committee or board or directors administering the plan may, in its discretion, make equitable adjustments to the maximum number of shares of our common stock available for grants under the plan or to any director under the plan in any calendar year.

**Effectiveness of Rights as Stockholders.** In all events, a director has no rights as a stockholder with respect to a grant of shares of common stock under the 2012 plan until the date of issuance of the stock certificate representing such shares. Except when the committee or board or directors administering the plan exercises its discretion to make an equitable adjustment for an extraordinary event described in the previous subsection, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such stock certificate is issued.

**Termination.** The 2012 Director Stock Plan terminates upon the adoption of a resolution by our board of directors terminating this plan or when no more shares of our common stock are authorized to be issued under the plan.

**Plan Amendment or Suspension.** Our board of directors may amend or suspend the 2012 Director Stock Plan at any time. Except in certain circumstances, no amendment shall adversely affect in a material manner any right of any recipient of a grant under the plan without such recipient's written consent.

**Registration of Kronos Worldwide Common Stock under the 2012 Director Stock Plan.** We intend to register the issuance of the shares of our common stock under the 2012 Director Stock Plan with the SEC.

**Federal Income Tax Consequences.** The following is a summary of the principal current federal income tax consequences of grants of shares of our common stock under 2012 Director Stock Plan. It does not describe all federal tax consequences under the plan, nor does it describe state, local or foreign tax consequences.

**Grants of Common Stock.** Since there will be no restrictions on the shares of our common stock granted to a director under the 2012 Director Stock Plan, the receipt of such shares under the plan by a director will generally be subject to tax at ordinary income rates for the fair market value of the shares on the date of grant. We will send the director a Form 1099-MISC reporting as miscellaneous income the fair market value of the grant, which form may also report any other miscellaneous compensation the director received from us in that calendar year, such as the cash fees we paid the director. Generally, we will be entitled to a corresponding federal income tax deduction at the same time and in the same amount as the ordinary income a director recognizes as a result of a stock grant under the plan.

**Plan Benefits.** Since the grants of our common stock to our directors under the 2012 Director Stock Plan are at the discretion of the committee or board or directors administering the plan, the number of shares of our common stock and the director recipients of such shares are presently indeterminable.

However, it is anticipated that the management development and compensation committee will administer the plan and adopt the same formula for stock grants to directors under the 2012 Director Stock Plan as the committee used in 2011 under the 2003 plan. For a description of the formula the committee has historically used to grant shares of our common stock to our directors, see footnote 2 to the 2011 Grants of Plan-Based Awards in this proxy statement. The following table sets forth the number of shares of our common stock granted in 2011 and the value of such shares on the date of grant for the following persons or groups.

| Name of Person or Group (1)   | Date of Grant | Number of Shares of<br>Common Stock (2) | Grant Date Value of<br>Shares of Common Stock<br>(2) |
|---|---------------|---|--|
| Harold C. Simmons<br><i>Chairman of the Board</i>                                 | May 12, 2011  | 1,000                                   | \$27,385   |
| Steven L. Watson<br><i>Vice Chairman of the Board and Chief Executive Officer</i> | May 12, 2011  | 1,000                                   | \$27,385   |
| All current executive officers as a group (14 persons)                            | May 12, 2011  | 2,000                                   | \$54,770   |
| All current directors who are not executive officers as a group (5 persons)       | May 12, 2011  | 5,000                                   | \$136,925  |

- (1) Certain rows in the table regarding certain Kronos Worldwide officers and employees have been omitted because such officers and employees will not be eligible to receive grants of stock under the 2012 Director Stock Plan and did not receive such grants of common stock in 2011. The shares awarded to Messrs. Harold Simmons and Watson were in connection with their services to us as a member of our board of directors. No shares were awarded to any of our executive officers who were not directors.
- (2) These amounts represent the value of shares of our common stock we granted to each of our directors on May 12, 2011. For the purposes of this table, we valued these stock awards at the \$27.385 closing price per share of such shares on their date of grant consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification Topic 718. The common stock share amounts and closing price per share have been adjusted to give effect to our 2-for-1 stock split distributed in the form of a dividend on May 20, 2011.

**Vote Required.** The affirmative votes of the majority of the shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote will be the requisite vote to approve the 2012 Director Stock Plan. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote for this proposal. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

As already disclosed, Valhi and NL are the direct holders of 50.0% and 30.4%, respectively, of the outstanding shares of our common stock as of the record date and have each indicated their intention to have their shares of our common stock represented at the meeting and to vote such shares FOR the approval of the 2012 Director Stock Plan. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will approve the 2012 Director Stock Plan.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “**FOR**” APPROVAL OF THE 2012 DIRECTOR STOCK PLAN.

### **PROPOSAL 3**

#### **NONBINDING ADVISORY RESOLUTION ON NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT**

**Background of this Proposal.** Pursuant to Section 14A of the Securities Exchange Act, a publicly held company is required to submit to its stockholders a nonbinding advisory vote to approve the compensation of its named executive officers, commonly known as a “Say-on-Pay” proposal. On May 12, 2011, our stockholders approved, on a nonbinding advisory basis, an annual Say-on-Pay. The next nonbinding stockholder advisory vote on the frequency of a Say-on-Pay proposal will be held in 2017.

**Say-on-Pay Proposal.** This proposal affords our stockholders the opportunity to submit a nonbinding advisory vote on our named executive officer compensation. The Compensation Discussion and Analysis section, the tabular disclosure regarding our named executive officer compensation and the related disclosure in this proxy statement describe our named executive officer compensation and the compensation decisions made by our management and our management development and compensation committee of the board of directors with respect to our named executive officers. This proposal is not intended to address any specific element of compensation of our named executive officers as described in this proxy statement, but the compensation of our named executive officers in general. Our board of directors requests that each stockholder cast a nonbinding advisory vote to adopt the following resolution:

**RESOLVED**, that, by the affirmative vote of the majority of shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote thereon, the stockholders of Kronos Worldwide, Inc. approve, on a nonbinding advisory basis, the compensation of its executive officers named in the 2011 Summary Compensation Table in the 2012 annual meeting proxy statement of Kronos Worldwide, Inc. as such compensation is disclosed in the proxy statement pursuant to the executive compensation disclosure rules of the U.S. Securities and Exchange Commission, which disclosure includes the compensation discussion and analysis, the compensation tables and any related disclosure in the proxy statement.

**Effect of the Proposal.** The Say-on-Pay proposal is nonbinding and advisory. Our stockholders' approval or disapproval of this proposal will not require our board of directors, its management development and compensation committee or our management to take any action regarding our executive compensation practices.

**Vote Required.** Because this proposal is a nonbinding advisory vote, there is no minimum requisite vote to approve the Say-on-Pay proposal. The proposed resolution provides that the affirmative vote of the majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Accordingly, abstentions and broker/nominee non-votes will have the same effect as a vote against this proposal.

As already disclosed, Valhi and NL are the direct holders of 50.0% and 30.4%, respectively, of the outstanding shares of our common stock as of the record date and have each indicated their intention to have their shares of our common stock represented at the meeting and to vote such shares FOR the Say-on-Pay proposal and adoption of the resolution that approves the compensation of our named executive officers as described in this proxy statement. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the meeting will have a quorum present and the stockholders will adopt the resolution and approve the nonbinding advisory Say-on-Pay proposal.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE SAY-ON-PAY PROPOSAL AS SET FORTH IN THE NONBINDING ADVISORY RESOLUTION APPROVING OUR NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

#### OTHER MATTERS

The board of directors knows of no other business that will be presented for consideration at the annual meeting. If any other matters properly come before the meeting, the persons designated as agents in the enclosed proxy card will vote on such matters in their discretion.

#### 2011 ANNUAL REPORT ON FORM 10-K

A copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011 is included as part of the annual report furnished to our stockholders with this proxy statement and may also be accessed on our website at [www.kronosww.com](http://www.kronosww.com).

**STOCKHOLDERS SHARING THE SAME ADDRESS**

Stockholders who share an address and hold shares through a brokerage firm or other nominee may receive only one copy of the notice of internet availability of proxy materials. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding. You should notify your brokerage firm or other nominee if:

- you no longer wish to participate in householding and would prefer to receive a separate notice of internet availability of proxy materials; or
- you receive multiple copies of the notice of internet availability of proxy materials at your address and would like to request householding of our communications.

**REQUEST COPIES OF THE 2011 ANNUAL REPORT AND THIS PROXY STATEMENT**

Louis, corporate secretary, at Kronos Worldwide, Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697, or call him at 972.233.1700.

**Section 3. Administration.** Unless the Board shall designate itself, this Plan shall be administered by the Committee.

Such powers shall include the exclusive authority to select the Directors to receive Grants under this Plan, and to determine the number of Common Shares granted, the time of the Grants to be made to each Director selected and the terms and conditions (if any) associated with the Grants. The Committee is authorized to interpret this Plan and to make any other determinations that it deems necessary or desirable for the administration of this Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Grant in the manner and to the extent the Committee deems necessary or desirable to carry it into effect. Any decision of the Committee in the interpretation and administration of this Plan, as described herein, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned. The Committee may act only by a majority of its members, *except* that the members thereof may authorize any one or more of their members or any officer of the Company to execute and deliver documents or to take any other ministerial action on behalf of the Committee with respect to Grants.

No member of the Committee and no officer of the Company shall be liable for anything done or omitted to be done by him or her, by any other member of the Committee or by any officer of the Company in connection with the performance of duties under this Plan, *except* for his or her own willful misconduct or as expressly provided by statute. In addition to all other rights of indemnification and reimbursement to which a member of the Committee and an officer of the Company may be entitled, the Company shall indemnify and hold harmless each such member or officer who was or is a party or is threatened to be made a party to any threatened, pending or completed proceeding or suit in connection with the performance of duties under this Plan against expenses (including reasonable attorneys’ fees), judgments, fines, liabilities, losses and amounts paid in settlement actually and reasonably incurred by him or her in connection with such proceeding or suit, *except* for his or her own willful misconduct or as expressly provided otherwise by statute. Expenses (including reasonable attorneys’ fees) incurred by a such a member or officer in defending any such proceeding or suit shall be paid by the Company in advance of the final disposition of such proceeding or suit upon receipt of a written affirmation by such member or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification and a written undertaking by or on behalf of such member or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Company as authorized in this Section.

**Section 4. Grants of Common Shares under this Plan.**

(a) *Maximum Number of Shares that May be Issued.* There may be issued under this Plan an aggregate of not more than 200,000 Common Shares, subject to adjustment as provided in **Section 5**. Common Shares issued pursuant to this Plan may be either authorized but unissued shares, treasury shares or any combination thereof. The number of Common Shares that may be issued to a Director under this Plan may not exceed 10,000 shares in any calendar year.

(b) *Conditions for Receipt of Grant.* Entitlement to a Grant shall be conditioned upon achieving specified Company performance goals for a given performance period based on the closing price per share on the New York Stock Exchange for the period specified by the Committee. The Committee shall, from time to time, designate the performance goals, which shall be documented in writing, and, for any performance period, must be established no later than ninety (90) days after the commencement of such performance period.

(c) *Rights with Respect to Common Shares and Other Securities.* Except as provided in **Section 5**, no adjustment shall be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, securities, other property or other forms of consideration, or any combination thereof) for which the record date is prior to the date such stock certificate or other instrument of ownership, if any, is issued. In all events, a Director who receives a Grant shall have no rights as a stockholder with respect to such Common Shares represented by such Grant until the issuance to him or her of a stock certificate representing such shares.

**Section 5. Dilution and Other Adjustments.** In the event of any change in the outstanding Common Shares by reason of any stock split, stock dividend or other extraordinary or unusual event, if the Committee shall determine, in its discretion, that such change equitably requires an adjustment to the maximum number of Common Shares available for issuance (i) under this Plan or (ii) to any one Director under this Plan in any one calendar year, such adjustments may be made by the Committee and shall be final, conclusive and binding for all purposes of this Plan.

**Section 6. Miscellaneous Provisions.**

(a) No fractional shares may be delivered under a Grant, but in lieu thereof a cash or other adjustment shall be made as determined by the Committee in its discretion.

(b) Determinations made by the Committee under this Plan need not be uniform and may be made selectively among Directors, whether or not such Directors are similarly situated. Such determinations shall include the right to exercise discretion to reduce prior to its grant date the amount of a Grant made to any Director; *provided, however*, the exercise of discretion shall not have the effect of increasing any Grant that is payable to any Director.

(c) No Director or other person shall have any claim or right with respect to this Plan, the Common Shares reserved for issuance under this Plan or in any Grant, contingent or otherwise, until the Common Shares represented by such Grant shall have been delivered to the recipient and all the terms, conditions and provisions of this Plan and the Grant applicable to such recipient (and each person claiming under or through him or her) have been met.

(d) No Common Shares shall be issued hereunder with respect to any Grant unless counsel for Kronos Worldwide shall be satisfied that such issuance will be in compliance with applicable law and any applicable rules of any stock exchange or other market quotation system on which Common Shares are listed.

(e) It is the intent of Kronos Worldwide that this Plan comply in all respects with Rule 16b-3 and Section 162(m) with respect to Grants, that any ambiguities or inconsistencies in construction of this Plan be interpreted to give effect to such intention and that if any provision of this Plan is found not to be in compliance with Rule 16b-3 or Section 162(m), such provision shall be deemed null and void with respect to Grants granted to executive officers of Kronos Worldwide to the extent required to permit such Grants to comply with Rule 16b-3 and Section 162(m).

(f) The expenses of this Plan shall be borne by the Company; *provided, however*, the Company may recover from a Director or his or her heirs or assigns any and all damages, fees, expenses and costs incurred by the Company arising out of any actions taken by a Director in breach of this Plan.

(g) By accepting any Grant or other benefit under this Plan, each Director and each person claiming under or through him or her shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under this Plan by the Company, the Board or the Committee.

(h) The appropriate officers of the Company shall cause to be filed any reports, returns or other information regarding Grants hereunder of any Common Shares issued pursuant hereto as may be required by applicable law and any applicable rules of any stock exchange or other market quotation system on which Common Shares are listed.

(i) The validity, construction, interpretation, administration and effect of this Plan, and of its rules and regulations, and rights relating to this Plan and to Grants under this Plan, shall be governed by the substantive laws, but not the choice of law rules, of the state of Delaware.

(j) Records of the Company shall be conclusive for all purposes under this Plan or any Grant, unless determined by the Committee to be incorrect.

(k) If any provision of this Plan or any specific Grant is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions of this Plan, the specific Grant or any other Grant, but such provision shall be fully severable, and this Plan, such specific Grant and any other Grant, as applicable, shall be construed and enforced as if the illegal or invalid provision had never been included in this Plan, the specific Grant or any other Grant, as applicable.

(l) The terms of this Plan shall govern all Grants under this Plan and in no event shall the Committee have the power to authorize a Grant under this Plan that is contrary to any of the provisions of this Plan.

**Section 7. Plan Amendment or Suspension.** This Plan may be amended or suspended in whole or in part at any time from time to time by the Board. No amendment of this Plan shall adversely affect in a material manner any right of any person with respect to any Grant previously granted without such person's written consent.

**Section 8. Plan Termination.** This Plan shall terminate upon the earlier of the following dates or events to occur:

- (a) upon the adoption of a resolution of the Board terminating this Plan; or
- (b) when no more Common Shares are authorized to be issued under this Plan.

No termination of this Plan shall materially alter or impair any of the rights or obligations of any person, without his or her consent, under any Grant previously granted under this Plan.

**Section 9. Effective Date.** This Plan shall be effective, and Grants awarded under this Plan, on or after the Effective Date; *provided, however*, if this Plan is not approved by at least a majority of the votes cast by the stockholders of Kronos Worldwide at a meeting of stockholders at which a quorum is present within one year after the Effective Date then, in such event, this Plan and all Grants granted pursuant to this Plan shall be null and void.
